**Name of applicant___________________________________________________**

I hereby acknowledge that I have voluntarily chosen to participate in the *Andrews University Excavation in Sicily* beginning in June 2019 and ending during July 2019 (the “Dig”). I understand and accept that there are risks involved in the Dig. I acknowledge that some of the risks inherent in the Dig include, but are not limited to: property damage and/or loss; physical exertion; illness and disease, including AIDS; minor bodily injury; severe bodily injury; an inadequate blood supply; and death. I expressly, knowingly and intelligently assume the following: all risks of travel, whether by car, bus, aircraft, boat or any other means; all risks of riot, civil disobedience, hijacking and terrorism; all risks associated with the preparation and eating of food and water; all risks of loss or destruction of personal property; and all losses whether to person, property, or money caused in whole or in part by myself or any other person or entity. As a voluntary participant in the Dig, I acknowledge the risks involved and hereby accept any and all risks, including those not specified above. I further agree that my participation in any specific phase or activity during the Dig, including the use of any equipment, will be at my own discretion and judgment based on my own experience and competence.

I acknowledge that I have read the Consular Information Sheet for Italy ([https://travel.state.gov/content/travel/en/international-travel/International-Travel-Country-Information-Pages/Italy.html](https://travel.state.gov/content/travel/en/international-travel/International-Travel-Country-Information-Pages/Italy.html)) that was prepared by the United States Department of State, on (date) _______________ (the “Information Sheet”), and that I accept the risks identified in the Information Sheet. I acknowledge that I have read the Health Information for travelers to Italy ([http://wwwnc.cdc.gov/travel/destinations/traveler/none/italy](http://wwwnc.cdc.gov/travel/destinations/traveler/none/italy)) that was prepared by the National Center for Infectious Diseases, on (date) _______________ (the “Health Information”), and that I accept the risks identified in the Health Information. I further acknowledge and agree that I have been informed of the opportunity to purchase insurance for medically supervised air transport through the International SOS company ([www.internationalsos.com](http://www.internationalsos.com)) and I accept responsibility for my decision to do/not do so. I further acknowledge and understand that a medical consultation is recommended to participate in the Dig and I am responsible for getting this consultation and for following all health-related recommendations made by my physician and by the University medical director.

In consideration of my participation in the Dig and to the fullest extent permitted by law, I (on behalf of myself and my family, estate heirs or assigns) agree to indemnify, defend and hold harmless the Project Consortium, all its members, Andrews University, and their trustees, officers, employees, agents, volunteers and assigns (collectively, the “Dig Organizers”) from and against all claims arising out of or resulting from my participation in the Dig, except for claims arising out of the sole gross negligence or willful misconduct of the Dig Organizers. A “claim,” as used in this agreement, means any claim, suit, action, damage, financial loss, or expense, including, but not limited to attorney’s fees, resulting from my participation in the Dig. **I still further acknowledge and understand that world events (including but not limited to war and terrorism) may alter or cause the cancellation of the Dig and I understand and agree that I (and not the Dig Organizers) will be responsible for my portion of the financial losses caused by any such alteration or cancellation.**

I understand and agree that this agreement is intended to be as broad and inclusive as permitted by law and that if any portion is held to be invalid, I agree that the remaining portion hereof shall continue in full force and effect.

Respecting the Beliefs and Values of Our Hosts

Your signature below will be interpreted as evidence of your commitment to conduct yourself in a manner which avoids offending our local hosts. This assumes you taking personal responsibility for learning about what is deemed to be offensive in the local context and intentionally avoiding those behaviors throughout your participation in the excavation.

Core Christian Values

By your signature, you also agree that while participating on this dig you will maintain high standards of conduct. These standards are biblically grounded values such as honesty, modesty, sexual purity, respect for others and their safety, and avoiding alcohol and other substances.

Medical History: 2018-2019

Purpose of Medical Form:
It protects you and the dig, in that it alerts those persons who may not be medically fit for the strenuous work and difficult living conditions on the dig to reconsider their application. The form also helps our camp physician in case of problems during the project. Many people are not aware of how ailments, which are minor in an urban setting, may become significant problems in an isolated area under stressful conditions. Therefore, we ask you, for your own protection, as well as for our assessment, to be completely candid in filling out this form and not to leave out anything that may be pertinent, even if you think it may jeopardize your application.
